Lucid

Designed by Burkhard Vogtherr

Lucid, a classic Davis piece, is the quintessential office chair. The longevity of Lucid can be attributed to the extreme comfort and classic style it brings into an office environment.

The Lucid program manifests in three series: 10, 20, and 30. Starting with the Lucid 10 series, the High Back chair is offered in a webbed, upholstered, or knit back with different options for upholstered or plastic arms. The Lucid 20 offers a deeper and wider seat in the Ultra Mid Back with a tapered arm design and a back rail which spans the distance between the arms. The Lucid 30 series shares this arm and back rail design with the Ultra High Back, while adding an adjustable headrest for a higher executive appeal. Lucid 20 and 30 are also available in webbed, upholstered, or knit backs with options for upholstered arms.
