Ginkgo Plastic

Designed by jehs+laub

Ginkgo Plastic is a low-density stacking chair that employs the Ginkgo Armless shell design in a fresh material. Available in 7 plastic colors with matching powder coat base options, Ginkgo Plastic takes the iconic Ginkgo design in a totally new direction. Mix and match colors from shell to base for truly unique styles, or go monochromatic with our specially formulated powder coats for a perfect color match. Ginkgo Plastic is a great fit for spaces where a low-density stacking chair is needed: in cafés, hospitality areas, classrooms, or auditoriums.

Ginkgo Plastic offers a variety of upholstery options to add comfort and design opportunities to the iconic chair. Available with an upholstered seat pad, upholstered seat and back pad, or as a fully upholstered chair, Ginkgo Plastic features a truly universal design. Ginkgo Plastic is available in Four-Leg Base or Sled Base styles.

Ginkgo Plastic enlivens waiting areas, executive offices, and open working spaces with an added touch of flair. This multi-use stacking chair is light enough for easy storage and stylish enough to fit in any interior. A beautiful complement to the Ginkgo family, Ginkgo Plastic prioritizes comfort and good design.
